Be Prepared to ... have FUN!

Campers will spend a lot of time outdoors, allowing them to connect with nature, use their imaginations and get lots of exercise.

Activities

Some of our activities may include games, crafts, painting, songs, cooking, beach combing, exploring a local park, nature walks, with a little pre-k learning thrown in. Activities alternate between very active and relaxing, sun and shade.

Children will play with their friends, while making new ones. Some lifelong friendships start at camp.

"Summer camp helps children increase their physical, emotional and social skills, independence, self-esteem, creativity, kindness, playfulness and appreciation for nature."
