

BEAT THE HEAT THIS Coming SUMMER SEASON !

The Town of Steilacoom

Has three ways to keep your Cool

#1 Our Ductless Heat Pump program can help reduce your electric utility bills and mitigate seasonal heat changes. The heat pumps provide your home with higher comfort level as the units provide both **heating** and **air conditioning**.

The current incentives are:

- Homes (site built or manufactured homes) with forced air electric furnaces, electric baseboard, electric wall heaters or electric ceiling cable – the Incentive is **\$800**.

#2 Our Ducted Heat Pump Conversion program (without PTCS testing & registry) for customers who have an existing electric forced air furnace with duct work and want lower heating bills in the winter and the comfort of air conditioning in the summer.

The current incentives are:

Air Source Heat Pump Conversions:

Homes (site built or manufactured homes) with ducted electric forced air furnaces - the Incentive is **\$1,000 starting April 1, 2023**.

Variable Speed Air Source Heat Pump Conversions:

Homes (site built or manufactured homes) with ducted electric forced air furnaces – the incentive is **\$1,200 starting April 1, 2023**

#3 Our Ducted Heat Pump Conversion program (with PTCS testing & registry) for customers who have an existing electric forced air furnace with duct work and want lower heating bills in the winter and the comfort of air conditioning in the summer.

The current incentives are:

Air Source Heat Pump Conversions:

Homes (site built or manufactured homes) with ducted electric forced air furnaces - the Incentive is **\$1,400**.

Variable Speed Air Source Heat Pump Conversions:

Homes (site built or manufactured homes) with ducted electric forced air furnaces – the incentive is **\$1,600**.

We encourage you to take part in this program now. If you have questions, please call Mike Porter at 1-503-730-3122 or you can reach him via email at mike.porter@evergreen-efficiency.com
